### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: claims 20-54 and 65-78 have been canceled. The claims are directed to non-elected species; election without traverse was made on 06/11/2005.

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a method and digital light comprising, in combination with remaining features of the claims, a memory storing data items including a plurality of pixels used for driving a digital light altering device, and at least one of the data items defining a shape which shapes a light beam; and a selector receiving part which allows remote selection of one of data items and causes one of the data items to be output via a video driver as an output signal indicative of an effect indicated by the remote selection (claims 10 and 62); sharing a data bus between a memory and video driver and using the data bus to send the pixel level information from the memory to the video driver (claim 17).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
